

REPRODUCTION AND USE FEES

Petroleum Museum’s Library & Archives Center

REPRODUCTION FEES

Publication and reproduction of The Petroleum Museum’s materials is subject to approval and fees may be charged for such use. Permission to use and reproduce images must be obtained in advance and requires filling out the Photo duplication Order Form and, if necessary, the Request to Publish form. These fees are separate from any which might be assessed by the copyright holder.

For publication, fees are assessed in addition to duplication costs, are for non-exclusive use, and must be paid in advance before images will be delivered. All prices are subject to change without notice and are quoted below per item. All orders are shipped via US mail unless otherwise specified. Texas state sales tax may apply to some orders. International orders may incur additional fees.

Orders may take about two weeks, from the time the order is placed. Orders are filled in the order in which they are received. Rush services are available at an additional fee.
