

Maker Monday

MAKE YOUR OWN NATURE SCULPTURE

Engineer your own nature sculpture using items you find outside.

Be Creative! Use this list of ideas and challenges to get started:

- ♦Design and build a sculpture made of round rocks.
- ♦Design and build a sculpture that can hold water.
- ♦Design and build a sculpture that is an inverted pyramid- where the small stones are on the bottom and the large on top.
- ♦Design and build a woven sculpture.
- ♦Design and build a sculpture made of leaves.

Go to pbpetro.org/kids-corner for more fun activities and resources. Share your sculptures with us @petroleummuseum, #petroleummuseum, and #PBPMSTEM
