

Tinker Thinker Thursday

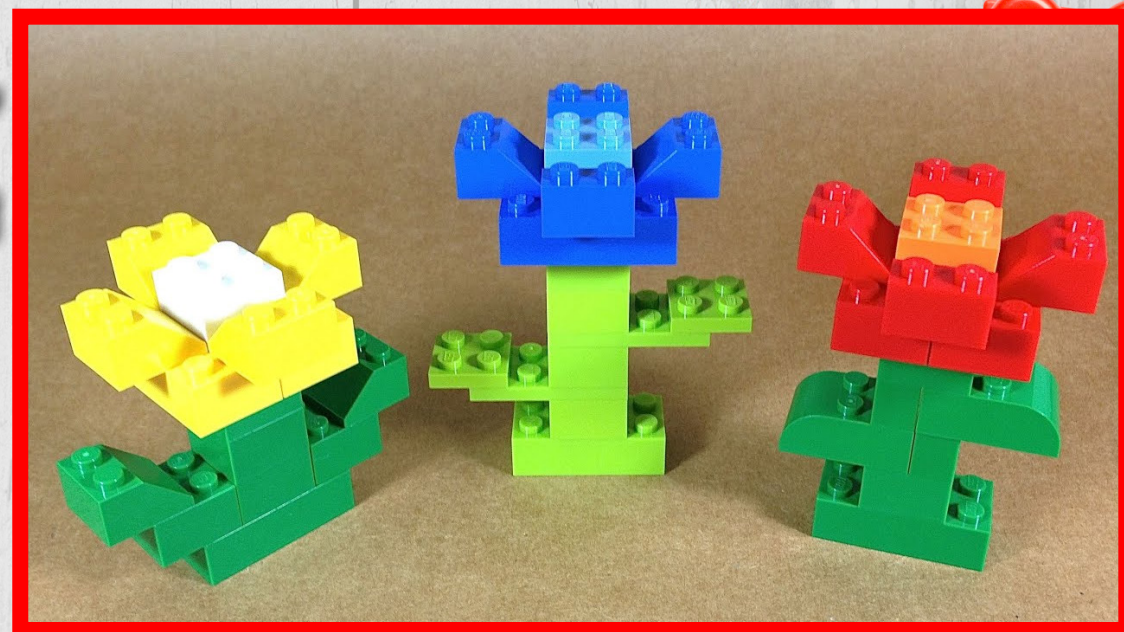

Create a LEGO Bouquet of Flowers for Mom:
Design a flower arrangement for Mom (or Grandma) to celebrate Mother's Day. If you don't have LEGOs, you can build flowers with paper, leaves from outside, or anything you can find to create a homemade masterpiece for Mom. Have fun with it! She will love anything you create!

Go to pbpetro.org/kids-corner for more fun activities. Be sure to share your LEGO flower creations with us!
