

SUMMER SCIENCE CAMP AGES 6-8

**ROBOT REVOLUTION:
ENGINEERING THE FUTURE
JUNE 10 - 12, 2025**

Young inventors and tech enthusiasts can dive into the world of robotics, engineering, and fun innovation! This camp is perfect for curious kids who love to create, build, and explore.

**UNDER THE SURFACE:
PETROLEUM EXPLORATION
JUNE 17 - 19, 2025**

Young campers will dig deep into the world of energy, learning how petroleum is discovered, extracted, and used in a fun, creative, and age-appropriate environment. It's the perfect adventure for young explorers ready to learn about the hidden treasures of the Earth!

**WEATHER WONDERS
JUNE 24 - 26, 2025**

This camp takes young scientists on an exciting journey through the fascinating world of weather. From thunderstorms to sunny days, campers will explore how weather works through hands-on experiments, creative activities, and outdoor adventures. It's the perfect camp for children who are eager to learn about the forces that shape our world.
